## PROFILE SUMMARY

---

Experienced Software Developer specializing in frontend development, with a passion for problem-solving and a knack for crafting intuitive, visually appealing designs. Proficient in frontend technologies and frameworks, with the ability to build entire websites using WordPress and Elementor.

## TECHNICAL SKILLS

---

**Languages:** HTML/CSS, JavaScript, C, C++, SQL.

**Frameworks:** Bootstrap, React.js, Basic of Angular.

**Core:** Data Structures, Algorithms, Operating Systems, Database Management Systems.

**Developer Tools:** VS Code, Wordpress, Elementor.

## WORK EXPERIENCE

---

### Software Developer

On-Site

*Netoyed*

*September 2023 - Present*

**sidbivcf** | *HTML, CSS, JavaScript, Bootstrap* — Live

- Led the comprehensive redesign of the SIDBIVCF website, enhancing both its visual appeal and user experience. Integrated a fully responsive design to ensure optimal viewing across all devices, significantly boosting user engagement and usability.

**NABH** | *HTML, CSS, JavaScript, Bootstrap, Angular*

- Created and design pages for the National Accreditation Board for Hospitals and Healthcare Providers (NABH) web application using Angular, focusing on enhancing functionality and user experience. Employed innovative design implementations to ensure responsiveness and usability across various devices.

**Casilica** | *HTML, CSS, JavaScript, Bootstrap* — Live

- Led the redesign of the Casilica web application, implementing a modern, user-centric, and visually appealing design. Ensured full responsiveness to provide a consistent and engaging user experience across all devices, significantly enhancing user satisfaction and retention.

**Netoyed Website** | *Wordpress, Elementor* — Live

- Took full ownership of developing the Netoyed website from scratch, incorporating advanced features such as seamless SMTP integration for enhanced email communications, and implementing strategic SEO enhancements to improve search engine visibility and organic traffic, while optimizing site performance for a fast user experience.

**DGTelecome (DGT)** | *Wordpress, Elementor* — Live

- Developed and maintained internal pages for LSAs across all states, introducing a streamlined process for content updates to ensure consistent accuracy and enhanced user trust.

**Lesson Plan Generator** | *HTML, CSS, JavaScript, Bootstrap, Angular*

- Independently developed the majority of the Lesson Plan Generator website's design. Implemented cutting-edge responsive design techniques to ensure seamless user experience across all devices.
